Dear Mr. Coffey:

Between April 11, 2016 and November 18, 2016, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Sunoco Pipeline's procedures at Company facilities in Delaware, Michigan, New Jersey, New York, Ohio, and Pennsylvania. As a result of the inspection, Sunoco Pipeline, L. P. was issued a Notice of Amendment on September 1, 2017, which proposed amendment of your procedures.

Sunoco Pipeline, L. P. submitted its amended procedures on October 5, 2017. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Acting Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
