Dear Mr. Roberts:

From August 10 – 14, 2015, a representative from the Pipeline and Hazardous Materials Safety Administration, Office of Pipeline Safety pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Utica East Ohio Midstream LLC's (UEO) procedures in Salineville, Ohio. As a result of the inspection, UEO was issued a Notice of Amendment (NOA) on June 8, 2017, which proposed amendments of its procedures.

UEO submitted its amended procedures on September 27, 2017. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in the NOA have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
