OVERNIGHT EXPRESS DELIVERY

September 20, 2018

Mr. Joshua Etzel
VP – Operations and Engineering
Kinder Morgan Liquid Terminals, LLC
78 Lafayette Street
Carteret, NJ 07008

CPF 1-2018-5017M

Dear Mr. Etzel:

From September 11–13, 2017, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Kinder Morgan Liquid Terminals, LLC's (KMLT) procedures and records for breakout tank cathodic protection in Carteret, New Jersey.

As a result of the inspection, KMLT was issued a Notice of Amendment (NOA) dated May 7, 2018. KMLT submitted its amended procedures on June 7, 2018. PHMSA reviewed KMLT's amended procedures, and asked KMLT to further amend its procedures to fully address the inadequacies outlined in the NOA on July 13, 2018. On August 14, 2018, KMLT submitted a further amendment to its procedures. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary, and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
