Dear Mr. Smoot:

Between July 9-12, 2012, inspectors from the New York State Department of Public Service (NYSDPS), acting as agents for the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Honeoye Storage Corporation (Honeoye) procedures in Canandaigua, NY. As a result of the inspection, Honeoye was issued a Notice of Amendment (NOA) on November 20, 2013, which proposed amendment of your procedures.

Honeoye submitted its amended procedures on March 29, 2014 (via Roach and Associates Inc.), April 17, 2014, May 12, 2014, October 6, 2014 and October 14, 2014.

On February 24, 2014, the Region responded to Honeoye's February 20, 2014 request for an extension of time to respond to the NOA. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
