Dear Mr. Grey:

Between March 19 through March 22, 2012 inspectors from the Virginia State Corporation Commission (VA SCC) acting as Agent for the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected the City of Danville's (City) pipeline facilities in Danville, VA including City operations and maintenance (O&M) procedures.

As a result of the inspection, the City was issued a Notice of Amendment on December 23, 2013, which proposed amendment of your procedures.

The City submitted its amended procedures on February 26, 2014. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
