Subject: CPF 1-2015-0005M

Dear Mr. Coy,

This letter is in response to the Notice of Amendment CPF 1-2015-0005M dated February 23, 2015.

Danville Utilities does not at this time wish to contest the Notice of Amendment. We would however like to have the opportunity to submit, to you, our updated Public Awareness plan, specifically the items listed under CFR 192.616 (b) three counts of not following API RP1162 requirements. It is the intent of Danville Utilities to make these submissions to you on or before May 22, 2015. We appreciate your patience in these matters in allowing Danville Utilities to give these issues due diligence.

Sincerely

Allen Wiles
