Dear Mr. West:

From May 5, 2014 through May 23, 2014, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of EQT Midstream's (EQT) procedures in Pittsburgh, Pennsylvania. As a result of the inspection, EQT was issued a Notice of Amendment on July 29, 2015, which proposed amendment of your procedures.

EQT submitted its amended procedures on August 26, 2015. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
