Dear Mr. Martin:

On August 24-25, 2010, and April 20-21, 2011, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Kinder Morgan, Inc.'s (Kinder Morgan) procedures for Public Awareness Program Effectiveness in Lakewood, Colorado. As a result of the inspection, Kinder Morgan was issued a Notice of Amendment on August 28, 2013, which proposed amendment of your procedures.

Kinder Morgan submitted its amended procedures on November 26, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

for Allan C. Beshore
Director, Central Region, OPS
