CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. Steve Jacobs

Dear Mr. Jacobs:

During the months of August, September, and October, 2010, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, performed inspection on the Harvest Pipeline Company (Harvest) records and procedures for Southwest Pass 24 Oil Terminal Facilities in Houston, Texas. As a result of the inspection, Harvest was issued a Notice of Amendment on February 15, 2011, which proposed amendment of the procedures.

Harvest submitted its amended procedures on July 13, 2011. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, Southwest Region
Pipeline and Hazardous
Materials Safety Administration
