CERTIFIED MAIL - RETURN RECEIPT REQUESTED

March 20, 2014

Mr. Michael N. Mears
President and Chief Executive Officer
Magellan Pipeline Company, LP
1 Williams Center
P.O. Box 22186
Tulsa, OK 74172

CPF 4-2012-5014

Dear Mr. Mears:

In May 2011, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code were onsite and inspected the records and facilities associated with the 18 inch and 12 inch products and 24/26 inch crude oil pipeline in and between Pasadena and Texas City, TX. In June 2011, additional records were inspected at the Magellan office in Tulsa, OK.

A Notice of Probable Violation and Proposed Compliance Order was issued to Magellan Pipeline Company, LP on April 17, 2012. The Final Order with Compliance Order was issued on June 21, 2013.

Magellan submitted documentation on August 26, 2013, of inspections, actions, training and amended procedures. My staff reviewed the information provided, and it appears that the inadequacies outlined in this Notice of Probable Violation and Proposed Compliance Order has been corrected.

This letter is to inform you that no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, Southwest region
Pipeline and Hazardous Materials Safety Administration
