Mr. Vern Meier
Vice President Field Operations

Dear Mr. Meier:

On December 15 – 17, 2014, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected ANR Pipeline Company procedures for Control Room Management in Houston, TX. As a result of the inspection, ANR was issued a Notice of Amendment on April 16, 2015, which proposed amendment of your procedures.

ANR submitted the requested procedural modifications on May 20, 2015. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

A handwritten signature in cursive script, appearing to read "R. M. Seeley".
