RE: Notice of Amendment CPF 5-2009-5038M

Dear Mr. Hoidal:

Stated in the Notice of Amendment, CPF 5-2009-5038M, during the September 2009 Granger to MapCo Pipeline inspection, the Operations and Maintenance Manual (O&M) was found to be incomplete in several sections.

The amendments to these procedures are as follows:

Anadarko Petroleum Corporation has rewritten the company O&M manual. The sections mentioned in the Notice of Amendment, 195.310, 195.403, 195.404 and 195.420 have been included and sufficiently amended to meet regulations. Anadarko Petroleum Corporation (APC) would like to set up a meeting with Brent Brown of PHMSA to demonstrate the changes and inclusions to the new O&M manual.

APC is available to meet at PHMSA's earliest convenience.

Thank you for your time and consideration.

Regards,
