Dear Mr. Templeman:

On December 8, 2008, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Amerigas Eagle Propane, L.P.'s procedures at the Oahu Gas Service Unit. As a result of the inspection, Amerigas Eagle Propane, L.P. was issued a Notice of Amendment on January 6, 2011, which proposed amendment of your public awareness notice procedures.

Amerigas Eagle Propane, L.P. submitted its amended procedures on March 17, 2011. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Director, Western
