Dear Mr. Smith:

On October 4 through October 8, 2010, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected ConocoPhillips Pipe Line Company's (CPPL's) operations and maintenance procedures in Billings, Montana.

CPPL responded with amended procedures on April 18, 2011. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Director, Western Region
