

Improving Pipeline Risk Assessments and Recordkeeping

**Thursday, July 21, 2011
Westin Arlington Gateway
Arlington, VA**

Webcast 8AM EDT – 4:30PM EDT

Good Morning & Welcome!

- **Today's agenda is very detailed and informative**
 - Several focused panels on perspectives and good/best practices
 - Thank you to all participating moderators, speakers, companies and organizations for making this possible!

Workshop Objectives

- **Setting an improved but common level of knowledge with risk assessments and recordkeeping challenges**
- **Identify several actions moving forward for regulators, operators and standard developing organizations**
