Dear Mr. Hjalmarson:

From July 21 to July 25, 2008, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code conducted an inspection at Williams Gas Pipeline - Transco's LNG facility in Carlstadt, NJ. As a result of the inspection, Williams Gas Pipeline - Transco was issued a Notice of Amendment on April 5, 2010, which proposed amendment of your procedures.

Williams Gas Pipeline - Transco submitted its amended procedures on June 20, 2010. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron E. Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
