Dear Ms. Brock:

On January 8, 2009, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to BreitBurn Energy Corporation L. P. (now Pacific Coast Energy Company) a Notice of Probable Violation with a Proposed Civil Penalty and a Proposed Compliance Order as referenced above. On April 3, 2012, The Final Order in this case was issued. This Final Order assessed a civil penalty of \$70,000 and required the leakage survey and valve maintenance to be conducted within 60 days. The civil penalty was paid on April 12, 2012 and the required leakage survey and valve maintenance records were received on May 24, 2012. Based payment of the civil penalty and on our review of the documentations you provided on May 24, 2012, it has been determined that you have completed the conditions of this Final Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Chris Hoidal  
Director, Western Region  
Pipeline and Hazardous Materials Safety Administration
