NOTICE OF AMENDMENT

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

April 26, 2013

Mr. David King
Plant Manager
Edison Mission Operation and Maintenance
Sunrise Power Company, LLC
P.O. Box 5485
Bakersfield, CA 93388-5484

CPF 5-2013-0004M

Dear Mr. King:

On April 24, 2012, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Edison Mission's Operations and Maintenance procedures for their Public Awareness Program in Fellows, California.

On the basis of the inspection, PHMSA has identified the apparent inadequacies found within Edison Mission's Operation and Maintenance procedures for Public Awareness, as described below:

1. § 192.616 Public awareness

(c) The operator must follow the general program recommendations, including baseline and supplemental requirements of API RP 1162, unless the operator provides justification in its program or procedural manual as to why compliance with all or certain provisions of the recommended practice is not practical and not necessary for safety.

Edison Mission Operation and Maintenance lacks procedures to track the number of entities reached within each audience identified in the Public Awareness Program as required by API RP 1162 Section 8.4.1.

2. § 192.616 Public awareness

(c) The operator must follow the general program recommendations, including baseline and supplemental requirements of API RP 1162, unless the operator provides justification in its program or procedural manual as to why compliance with all or certain provisions of the recommended practice is not practical and not necessary for safety.

Edison Mission did not specify the effectiveness evaluation frequency in their Public Awareness Program procedures. It was noted that Edison Mission conducted one review in September 2009.

Response to this Notice

This Notice is provided pursuant to 49 U.S.C. § 60108(a) and 49 C.F.R. § 190.237. Enclosed as part of this Notice is a document entitled *Response Options for Pipeline Operators in Compliance Proceedings*. Please refer to this document and note the response options. Be advised that all material you submit in response to this enforcement action is subject to being made publicly available. If you believe that any portion of your responsive material qualifies for confidential treatment under 5 U.S.C. 552(b), along with the complete original document you must provide a second copy of the document with the portions you believe qualify for confidential treatment redacted and an explanation of why you believe the redacted information qualifies for confidential treatment under 5 U.S.C. 552(b). If you do not respond within 30 days of receipt of this Notice, this constitutes a waiver of your right to contest the allegations in this Notice and authorizes the Associate Administrator for Pipeline Safety to find facts as alleged in this Notice without further notice to you and to issue a Final Order.

If, after opportunity for a hearing, your plans or procedures are found inadequate as alleged in this Notice, you may be ordered to amend your plans or procedures to correct the inadequacies (49 C.F.R. § 190.237). If you are not contesting this Notice, we propose that you submit your amended procedures to my office within 30 days of receipt of this Notice. This period may be extended by written request for good cause. Once the inadequacies identified herein have been addressed in your amended procedures, this enforcement action will be closed.

It is requested (not mandated) that Edison Mission Operation and Maintenance maintain documentation of the safety improvement costs associated with fulfilling this Notice of Amendment procedures and submit the total to Chris Hoidal, Director, Western Region, Pipeline and Hazardous Materials Safety Administration. In correspondence concerning this matter, please refer to **CPF 5-2013-0004M** and, for each document you submit, please provide a copy in electronic format whenever possible.

Sincerely,

for
Chris Hoidal
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
