Funding Opportunity Title: “Technical Assistance Grants (TAG) to Communities Program”
Funding Opportunity Number: DTPH56-09-SN-0003
CFDA Number: 20.721
Award Type: Grant Agreement
Award Number: DTPH56-09-G-PHPT19
Project Title: Emergency Response Technical Assistance Project - Kansas Municipal Natural Gas Utilities.
Project Period: Twelve (12) months from the effective date of award.
Grant Amount: \$50,000.00

Article II. Background

Section 2.01 Background

Experience shows that informed communities play a vital role in the safety and reliability of pipeline operations. The Technical Assistance Grants (TAG) program, first authorized in the Pipeline Safety Improvement Act of 2002 (Pub. L. 107-355, codified at 49 U.S.C. 60130), offers new opportunities to strengthen the depth and quality of public participation in pipeline safety matters. Section 9 of the Act, titled: “Pipeline Safety Information Grants to Communities” authorized the Secretary of Transportation to make grants to local communities and organizations for technical assistance relating to pipeline safety issues. The TAG program was then amended by Section 5 of the Pipeline Inspection, Protection, Enforcement, and Safety Act of 2006. However, FY 2009 is the first year in which PHMSA has received appropriations to fund the grant program.

These grants will provide funding to communities and groups of individuals for technical assistance in the form of engineering or other scientific analysis of pipeline safety issues and to help promote public participation in official proceedings. For purposes of grants eligibility, communities are defined as cities, towns, villages, counties, parishes, townships, and similar governmental subdivisions, or consortiums of such subdivisions. A nongovernmental group of individuals is

eligible for a grant under the TAG program if its members are affected or potentially affected individuals who are, or are willing to become, incorporated as a non-profit organization in the state where they are located.

Section 2.02 Statement of Purpose

The U.S. Department of Transportation (DOT), through the Pipeline and Hazardous Materials Safety Administration (PHMSA), award grants to obtain funding for technical assistance in the form of engineering or other scientific analysis of pipeline safety issues affecting the local community.

Section 2.03 Specific Objective(s) of the Agreement

Article III. Expected Program Outputs

Under the terms of this agreement, the Grantee must demonstrate completion of the work through the actions it has specified in its Application.

- Provide direct onsite technical assistance to prepare 62 Kansas municipal gas utilities for emergency or disaster response pertaining to the natural gas pipeline systems; and
- Registration and data entry of the utility systems for the Kansas Mutual Aid Program for Utilities (KSMAP).

Article IV. Deliverables

The Kansas Municipal Utilities, Kansas must submit the following reports:

- Final Report; and

- a) Method of payment.
 - i) The Government will make all payments under this agreement by electronic funds transfer (EFT), except as provided by paragraph (a)(ii) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
 - ii) If the Government is unable to release one or more payments by EFT, the Recipient agrees either to –
 - (a) Accept payment by check or some other mutually agreeable method of payment; or
 - (b) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph d. of this clause).
- b) Recipient's EFT information. The Government will make payment to the Recipient using the EFT information contained in the Central Contractor Registration (CCR) database. If the EFT information changes, the Recipient is responsible for providing the updated information to the CCR database.
- c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.
- d) Suspension of payment. If the Recipient's EFT information in the CCR database is incorrect, the Government is not obligated to make payment to the Recipient under this agreement until the correct EFT information is entered into the CCR database.

An invoice or agreement-financing request is not a proper invoice for the purpose of prompt payment under this agreement.

- e) Recipient EFT arrangements. If the Recipient has identified multiple payment receiving points (i.e., more than one remittance address and/or EFT information set) in the CCR database, and the Recipient has not notified the Government of the payment receiving point applicable to this agreement, the Government will make payment to the first payment receiving point (EFT information set or remittance address as applicable) listed in the CCR database.
- f) Liability for uncompleted or erroneous transfers.
 - i) If an uncompleted or erroneous transfer occurs because the Government used the Recipient's EFT information incorrectly, the Government remains responsible for –
 - (a) Making a correct payment;
 - (b) Paying any prompt payment penalty due; and
 - (c) Recovering any erroneously directed funds.
 - ii) If an uncompleted or erroneous transfer occurs because the Recipient's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and –
 - (a) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Recipient is responsible for recovery of any erroneously directed funds; or
 - (b) If the funds remain under the control of the payment office, the Government will not make payment, and the provisions of paragraph d. of this clause apply.
- g) EFT and prompt payment. A payment will have been made in a timely manner in accordance with the prompt payment terms of this agreement if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.
- h) EFT and assignment of claims. If the Recipient assigns the proceeds of this agreement, the Recipient must require, as a condition of any such assignment, that the assignee register in the CCR database and be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause will apply to the assignee as if it were the Recipient. EFT information that shows the ultimate recipient of the transfer to be other than the Recipient, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph d. of this clause.
- i) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Recipient's financial agent.
- j) Payment information. The payment or disbursing office will forward to the Recipient available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Recipient to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with

paragraph a. of this clause, the Government will mail the payment information to the remittance address contained in the CCR database.

15. Adherence to Original Project Objectives and Budget Estimates

- a) The Recipient is responsible for any commitments or expenditures it incurs in excess of the funds provided by an award. Expenditures incurred prior to the effective date of an award cannot be charged against an award unless provided for in the award.
- b) The Recipient must submit any proposed change that requires PHMSA's written approval 30 days prior to the requested effective date of the proposed change. PHMSA will not approve any change to the award during the last 30 days of the award period.

16. Prior Approvals

- a) The following require the AO's advance written approval:
 - i) Changes in the scope, objective, or key personnel referenced in the Recipient's proposal.
 - ii) Change in the project period. PHMSA must receive this request no later than 30 calendar days prior to the end of the project period. The Recipient must submit a revised budget indicating the planned use of all unexpended funds during the extension period.
- b) The Recipient must submit a revised financial estimate and plan for i) and ii) above.
- c) The AA will notify the Recipient in writing within 30 calendar days after receipt of the request for revision or adjustment whether the request has been approved.

17. Contracting with Small and Minority Firms, Women's Business Enterprises, Veteran-Owned, and HubZone Area Firms

- a) It is the Department of Transportation (DOT) policy to award a fair share of contracts to small minority business, women-owned and HubZone firms. DOT is strongly committed to the objectives of this policy and encourages all Recipients of its Grants and Cooperative Agreements to take affirmative steps to ensure such fairness on the awarding of any subcontracts.
- b) The Recipient and any Sub-recipients are encouraged to take all necessary affirmative steps to assure that small, women-owned, minority disadvantaged businesses, veteran, and HUBZone business firms are used when possible.
- c) Affirmative steps include:
 - i) Placing qualified small and minority-disadvantaged businesses, women owned business enterprises, veteran-owned and HUBZone business firms on solicitation lists;
 - ii) Assuring that small and minority businesses, women's business enterprises, veteran-owned and HUBZone business firms are solicited whenever they are potential sources;
 - iii) Dividing total requirements, when economically feasible, into small tasks or quantities to permit maximum participation by small and minority businesses, women's business enterprises, veteran-owned, and HUBZone business firms;
 - iv) Establishing delivery schedules, when economically feasible, into small tasks or quantities to permit maximum participation by small and minority business, women's business enterprises, veteran-owned, and HUBZone business firms; and

- v) Using the services and assistance of the Small Business Administration and the Office of the Small and Disadvantaged Business Utilization of the Department of Transportation, as appropriate.

18. Seat Belt Use Policies and Programs

In accordance with Executive Order 13043, the Recipient is encouraged to adopt on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this presidential initiative. For information on how to implement such a program or for statistics on the potential benefits and cost-savings to your company or organization, please visit the Buckle Up America section on NHTSA's website at www.nhtsa.dot.gov.
