Dear Mr. Pierson:

During the months of July through December 2010, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected your Marathon Pipeline (Marathon) products facilities in the Ohio area. As a result of the inspection, Marathon was issued a Notice of Amendment on April 26, 2012, which proposed amendment of your procedures.

Marathon submitted its amended procedures on July 26, 2012, and a subsequent submittal on October 5, 2012. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

David Barrett
Director, Central Region
Pipeline and Hazardous Materials Safety Administration
