Houston, TX 77074

**Re: NOA CPF No. 4-2012-5012M**  
**Integrated Inspection: Sunoco Pipeline, L.P. 2010**

Dear Mr. Seeley:

We are in receipt of your letter dated April 2, 2012, regarding the above referenced inspection lead by PHMSA's Southwest Region.

Sunoco Pipeline L.P. wishes to respond to the Notice of Amendment by accepting your findings. We have initiated the process to amend both the DOT Maintenance Manual Section 195.204 as well as our Inspector's Manual in accordance with noted findings in your letter. These changes will involve considerable coordination with several of our engineering and operating groups. We thereby plan to have the required procedural changes completed and implemented by December 30, 2012. We will also be prepared to submit required documentation to your office.

Should you have any questions or require further information please contact K. David Born of our Sugar Land Texas office at 281-637-6497.

Sincerely,

David A. Justin  
Vice President, Operations  
Sunoco Pipeline L.P.
