Dear Mr. Vattimo:

On August 18-21, 2008, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected Kinder Morgan Liquids Terminals LLC (KM) Operator Qualification (OQ) records and procedures in Perth Amboy, New Jersey. As a result of the inspection, KM was issued a Notice of Amendment on April 7, 2010, which proposed amendment of your procedures.

Kinder Morgan submitted its amended procedures on April 8, 2011. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
