**CPF 2-2008-6002**

Dear Mr. Rose:

On April 26, 2010, pursuant to 49 U.S.C. §60118(b) and 49 CFR §190.213, the Associate Administrator for Pipeline Safety, Pipeline and Hazardous Materials Safety Administration (PHMSA) issued a Final Order to Tampa Pipeline Corporation and its subsidiary Tampa Bay Pipeline Company (TPC).

The Final Order found that TPC had committed violations of the federal pipeline safety regulations and included a Compliance Order (CO), which required TPC to take certain actions to protect the public and the environment.

The PHMSA Southern Region has reviewed your letter of September 13, 2010, and your memorandum of October 21, 2010, in response to the CO. This case is now closed.

Please be advised that this letter refers only to CPF 2-2008-6002 and not to any other PHMSA pending cases. Also be advised that nothing herein states or implies that the TPC pipeline system meets the requirements of the federal pipeline safety laws or regulations. The pipeline system remains subject to inspection by PHMSA.

Sincerely,

Wayne T. Lemoie  
Director, Office of Pipeline Safety  
PHMSA Southern Region
