Dear Mr. Pitts:

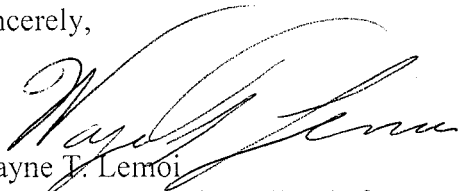

On April 22, 2013, the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS) issued to Chattanooga Gas Company (CGC) a Final Order in the above-referenced case. The Final Order included an attached Compliance Order requiring CGC to undertake certain actions to ensure compliance with the federal pipeline safety regulations.

The OPS Southern Region has received and reviewed three written responses to the Compliance Order from CGC including your last response dated August 23, 2013. Based on our reviews of these responses we have determined that CGC has complied with the terms of the Final Order. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the above referenced order (**CPF 2-2012-3003**) and not to any other OPS cases, if any.

Thank you for your cooperation in this matter.

Sincerely,

Wayne T. Lemoj
Director, Office of Pipeline Safety
PHMSA Southern Region
