Dear Mr. Christensen:

On September 2011 through January 2012, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected ONEOK Partners, L.P. (ONEOK) Operations and Maintenance Plan procedures in Tulsa and Medford, OK. As a result of the inspection, ONEOK was issued a Notice of Amendment on September 11, 2012, which proposed amendments to your procedures.

ONEOK submitted its amended procedures on November 16, 2012. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley  
Director, Southwest region  
Pipeline and Hazardous Materials Safety Administration
