Dear Mr. Allen:

From March 4 to September 23, 2022, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected ONEOK NGL Pipeline, LLC's (ONEOK) integrity management plan in Spearfish, South Dakota. As a result of the inspection, ONEOK was issued a Notice of Amendment on March 10, 2023, which proposed amendments to ONEOK's procedures.

ONEOK submitted its amended and supplementary procedures on April 3, 2023, and July 14, 2023 respectively. PHMSA has reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary, and this case is now closed. Thank you for your cooperation.

Sincerely,

Bryan Lethcoe
Director, Southwest Region, Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
