Dear Mr. Munguia:

On July 17, 2013, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued Kinder Morgan Liquid Terminals, LLC (KMLT) a Consent Agreement and Order (Order) in the above-referenced case. This Order incorporated the terms of a Consent Agreement signed by both OPS and KMLT. This Consent Agreement resulted from a Notice of Probable Violation and Proposed Civil Penalty and Proposed Compliance Order that was issued to KMLT on October 11, 2011.

On May 29, 2015, we received your letter wherein you responded to this Order, and stated that the MOP substantiation project was completed at Perth Amboy on May 16, 2015.

Subsequently, on June 23, 2015, we received your letter in which you stated that the final work set forth under Section II of the Order was completed, and you requested that the agreement be terminated. Based on our review of the documentation you provided within the May 29, 2015 submission, and confirmation of payment of the civil penalty, it has been determined that you have complied with the terms of this Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Byron Coy
Director, Easter Region
Pipeline and Hazardous Materials Safety Administration
