Dear Mr. Collier:

On April 30, 2012, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), pursuant to chapter 601 of 49 United States Code, inspected Buckeye Partners, L.P.'s (Buckeye) procedures for corrosion control in Malvern, Pennsylvania. As a result of the inspection, Buckeye was issued a Notice of Amendment on July 15, 2013, which proposed amendment of your procedures.

Buckeye submitted its amended procedures on September 24, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
