Dear Mr. Jacobi:

On May 22-24, 2012, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), pursuant to Chapter 601 of 49 United States Code inspected the Delaware Pipeline Company, LLC (Delaware Pipeline) Public Awareness Program in Delaware City, Delaware. As a result of the inspection, Delaware Pipeline was issued a Notice of Amendment (NOA) on November 26, 2013.

On February 21, 2014, Delaware Pipeline submitted a response to the NOA along with amended procedures. My staff reviewed the amended procedures, and it appears that the inadequacies set forth in the NOA have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
