Dear Mr. Murphy:

From June 17, 2013 to June 21, 2013, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected PPL Interstate Energy Company (PPLIEC) procedures for Control Room Management in Pottstown, Pennsylvania. As a result of the inspection, PPLIEC was issued a Notice of Amendment on November 29, 2013, which proposed amendment of your procedures.

PPLIEC submitted its amended procedures on December 26, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
