Houston, TX 77056

CPF 1-2014-1003M

Dear Mr. Neave:

On May 31, 2013, a representative of the Pipeline and Hazardous Materials Safety Administration, Office of Pipeline Safety, pursuant to Chapter 601 of 49 United States Code investigated an incident that occurred at the Transcontinental Gas Pipeline Company, LLC's (TRANSCO), Neshanic Station 505 facility, located in located in Neshanic Station, New Jersey.

As a result of the investigation, TRANSCO was issued a Notice of Amendment (NOA) on March 6, 2014, which proposed amendment of its procedures. On May 2, 2014, TRANSCO submitted a response to the NOA along with amended procedures. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this NOA have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron E. Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
