Dear Mr. Blount:

On October 22, 2015, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued an Amended Corrective Action Order (ACAO) with regard to a pipeline failure accident of Colonial Pipeline Company (Colonial). The ACAO included a list of various required Corrective Actions.

We have received an email and ACAO Documentation Report dated March 31, 2020, from a representative of Colonial. The Documentation Report was submitted as part of the final Corrective Action deliverable. Simultaneously, the correspondence requested closure of the ACAO.

Based on our review of the documentation, it has been determined that Colonial Pipeline has complied with the terms of the Order.

This letter is to inform you no further action is necessary, and this case is now closed. Thank you for your cooperation in this matter.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
