Dear Mr. Collier:

On September 22, 2015, a representative from the Pipeline and Hazardous Materials Safety Administration, pursuant to Chapter 601 of 49 United States Code, had a conference call with Buckeye Partners, L.P.'s (Buckeye) personnel to discuss Buckeye's procedure for filing safety-related condition reports (SRCRs) and SRCR 20150093. As a result of the discussion, Buckeye was issued a Notice of Amendment (NOA) on March 30, 2017, which proposed amendments to its procedure.

Buckeye submitted its amended procedure and form on June 27, 2017. My staff reviewed the amended procedure and form, and it appears that the inadequacies outlined in the NOA have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough  
Acting Director, Eastern Region  
Pipeline and Hazardous Materials Safety Administration
