Dear Ms. Wagner:

From April 17 to 19, 2018, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected Crestwood Midstream Partners LP's (Crestwood) procedures for the Stagecoach Underground Natural Gas Storage field in Tioga County, NY. As a result of the inspection, Crestwood was issued a Notice of Amendment on September 20, 2018, which proposed amendment of your procedures.

Crestwood submitted its amended procedures on October 16, 2018. PHMSA staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
