Dear Mr. Warnshouse:

From June 19-21, 2018, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Honeoye Storage Corp. (Honeoye) procedures at Honeoye Underground Natural Gas Storage field in Ontario County, New York.

As a result of the inspection, Honeoye was issued a Notice of Amendment on October 29, 2018, which proposed amendments of your procedures.

Honeoye submitted its amended procedures on November 27, 2018. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
