BY ELECTRONIC AND OVERNIGHT MAIL

Mr. Robert Burrough
Director, Eastern Region
Office of Pipeline Safety
Pipeline and Hazardous Materials Safety Administration
U.S. Department of Transportation
820 Bear Tavern Road, Suite 103
West Trenton, NJ 08628

Re: Enterprise Products Operating, LLC
NOPV CPF 1-2018-5003 – Request for Hearing

Dear Director Burrough:

On behalf of Enterprise Products Operating, LLC (Enterprise or the Company), please find attached Enterprise's Request for Hearing (and accompanying Statement of Issues, Written Response and Exhibits) in regard to the above-referenced NOPV. As you know, the NOPV was issued by PHMSA on January 29, 2018, following a series of inspections in various states between March and December 2016. Due to both the extent of the NOPV as well as protracted issues concerning transmission of the related Pipeline Safety Violation Report and exhibits, PHMSA agreed to an extension of time for Enterprise to respond to the NOPV until Monday, April 23, 2018. Therefore, this response is timely. Hard copies and a disk containing the documents and exhibits in electronic format will follow by overnight express mail.

Enterprise shares PHMSA's commitment to ensuring public safety and pipeline integrity, and for that reason, the Company is filing this Request for Hearing to address the legal and factual issues raised in the NOPV. The Company believes that many of the 18 Items in this NOPV should have been addressed through Warning Letters or NOAs, and the entire NOPV failed to comply with the PIPES Act amendment of 2016 that requires a post inspection briefing and summary with operators. Such a briefing could have avoided or narrowed this matter. The Company continues to believe that the parties could still narrow, if not resolve, many of these issues in advance of a Hearing. For that reason, Enterprise would appreciate the opportunity to meet with the relevant PHMSA officials from the Eastern Region before any Hearing is scheduled.

We look forward to hearing from you. Should you have any questions, please let us know.

Sincerely,

Robert E. Hogfoss
