Dear Mr. Hardison:

From August 6-10, 2018, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code, inspected Portland Pipe Line Corporation's (Portland) procedures for operations and maintenance in South Portland, ME.

As a result of the inspection, Portland was issued a Notice of Amendment (NOA) dated September 13, 2018. Portland submitted its amended procedures on October 12, 2018. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary, and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough  
Director, Eastern Region  
Pipeline and Hazardous Materials Safety Administration
