Dear Mr. Bell:

From December 11 through 13, 2018, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected Citizens Gas Utility District (CGUD) Indian Creek Underground Gas Storage Facility in Morgan County, TN. As a result of the inspection, CGUD was issued a Notice of Amendment on August 12, 2019, which proposed amendment of your procedures.

CGUD submitted its amended procedures on or about January 31, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
