Dear Mr. Salisbury:

From May 7-9, 2019, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected Consumers Energy Co.'s (Consumers) procedures for Underground Natural Gas Storage in Jackson, Michigan. As a result of the inspection, Consumers was issued a Notice of Amendment on November 7, 2019, which proposed amendment of your procedures.

Consumers submitted its amended procedures on December 6, 2019, January 22, 2020, March 31, 2020, with the final amendment provided on July 6th, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
