Dear Mr. Sheppard:

On November 14 – 15, 2017, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Dominion Energy Transmission, Inc.'s (Dominion) procedures in Bridgeport, WV. As a result of the inspection, Dominion was issued a Notice of Amendment on April 8, 2019, which proposed amendment of your procedures.

Dominion submitted its amended procedures on April 17, 2019. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
