Dear Mr. Newell:

From January 23, 2019 – July 11, 2019, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, performed an integrated inspection of PGPipeline, LLC's (PGPipeline) pipeline system in Clearfield, Pennsylvania. PGPipeline is a second-tier subsidiary of Zeeland Farm Services, Inc. As a result of the inspection, PGPipeline was issued a Notice of Amendment on September 26, 2019, which proposed amendment of your procedures.

Utility Safety and Design Incorporated (USDI), on behalf of PGPipeline, submitted amended procedures on October 23, 2019. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough  
Director, Eastern Region  
Pipeline and Hazardous Materials Safety Administration
