Dear Mr. Courtney:

From May 14 – May 18, 2018, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected IMTT – Bayonne’s (IMTT) records and procedures in Bayonne, NJ. As a result of the inspection, IMTT was issued a Notice of Amendment on December 6, 2019, which proposed amendment of your procedures.

IMTT submitted its amended procedures on or about January 6, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
