Mr. Robert Burrough
Director
PHMSA Eastern Region
840 Bear Tavern Road, Suite 300
West Trenton, NJ 08628
CPF 1-2019-6007M

Dear Mr. Burrough,

Please find enclosed Delaware Storage & Pipeline Company's Standard Operating Procedure titled "Cathodic Protection Remediation" which was modified in response to the Notice of Amendment, CPF 1-2019-6007M. Please note that this identified inaccuracy of procedure was corrected immediately following the Pipeline and Hazardous Materials Safety Administration inspection in August 2017.

This modification will resolved the inadequacy found with Delaware Storage & Pipeline Company's Cathodic Protection standard operating procedure in accordance with 49 CFR Part 195 requirements and the Pipeline and Hazardous Materials Safety Administration's findings. This submittal will satisfy all deficiencies cited in the letter dated May 6, 2019. If you require more in regards to CPF 1-2019-6007M, please contact me directly.

Thank you,

Michelle Denault
Regulatory Compliance Manager
