Dear Mr. Hennigan:

From May 13 to May 15, 2020, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected MarkWest Bluestone Ethane Pipeline LLC's (MarkWest) procedures. As a result of the inspection, Markwest was issued a Notice of Amendment on August 11, 2020, which proposed amendment of your procedures.

MarkWest submitted its amended procedures on August 17, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
