CPF 1-2020-015-NOA

Dear Mr. Chapman:

On April 20-24, 2020, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Columbia Gas Transmission, LLC's (Columbia Gas) procedures in Charleston, WV. As a result of the inspection, Columbia Gas was issued a Notice of Amendment on December 29, 2020, which proposed amendment of your procedures.

Columbia Gas submitted its amended procedures on January 28, 2021. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
