Dear Mr. Grubb:

From August 6 - 8, 2019, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected Natural Gas Pipeline Co of America's (NGPL) Cairo Storage Fields and its Underground Gas Storage Facility (UNGS) Program in Columbus City, IA. As a result of the inspection, NGPL was issued a Notice of Amendment on January 2, 2020, which proposed amendment of your procedures.

NGPL submitted its amended procedures on or about January 30, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
