Dear Mr. Keyser:

From March 25 - 28, 2019, June 3 – 6, 2019, and August 27 - 29, 2019, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected Texas Gas Transmission, LLC's (TGT) underground natural gas storage field records and procedures for the Graham Lake, Leesville, Midland, and West Greenville storage fields in Muhlenberg County, Kentucky and Lawrence County, Indiana. As a result of the inspection, TGT was issued a Notice of Amendment on March 27, 2020, which proposed amendment of your procedures.

TGT submitted its amended procedures on or about April 23, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough  
Director, Eastern Region  
Pipeline and Hazardous Materials Safety Administration
