Dear Mr. Farrell:

From January 17, 2018 to June 18, 2018, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of procedures of Dominion Energy Transmission, Inc. (Dominion) at its main office in Bridgeport, West Virginia. As a result of the inspection, Dominion was issued a Notice of Amendment on May 28, 2020, which proposed amendment of its procedures.

Dominion submitted its amended procedures on July 10, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
