Dear Mr. Phillips:

From January 16, 2019 to September 5, 2019, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of procedures of Crestwood Midstream Partners LP (Crestwood) at its offices in Houston, Texas and Wyalusing, Pennsylvania. As a result of the inspection, Crestwood was issued a Notice of Amendment on July 23, 2020, which proposed amendment of its procedures.

Crestwood submitted its amended procedures on October 15, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
