FINAL ORDER

On March 27, 2020, pursuant to 49 C.F.R. § 190.207, the Director, Eastern Region, Office of Pipeline Safety (OPS), issued a Notice of Probable Violation (Notice) to Sunoco Pipeline, LP (Respondent), a subsidiary of Energy Transfer, LP.¹ The Notice proposed finding that Respondent had violated the pipeline safety regulations in 49 C.F.R. Part 195 and proposed a civil penalty of \$165,100. Respondent did not contest the allegations of violation and paid the proposed civil penalty via wire transfer on April 30, 2020.

Based upon a review of all of the evidence, pursuant to § 190.213, I find that Respondent violated the pipeline safety regulations listed below, as more fully described in the enclosed Notice, which is incorporated by reference:

49 C.F.R. § 195.420(b) (**Item 1**) — Respondent failed to inspect each mainline valve at intervals not exceeding 7 ½ months, but at least twice each calendar year, to determine that it was functioning properly.

49 C.F.R. § 195.505(b) (**Item 2**) — Respondent failed to ensure through evaluation that two employees were qualified to perform covered tasks.

These findings of violation will be considered prior offenses in any subsequent enforcement action taken against Respondent. In accordance with 49 C.F.R. § 190.223, Respondent is assessed the proposed civil penalty amount of \$165,100, which Respondent has already paid in full.

The terms and conditions of this order are effective upon service in accordance with 49 C.F.R. § 190.5.
